INTERNET EXPLORER

INTERNET EXPLORER – POP-UP BLOCKER

Internet Explorer features a pop-up blocker that prevents new windows from opening. When it blocks, you will see a yellow bar at the bottom of the page.

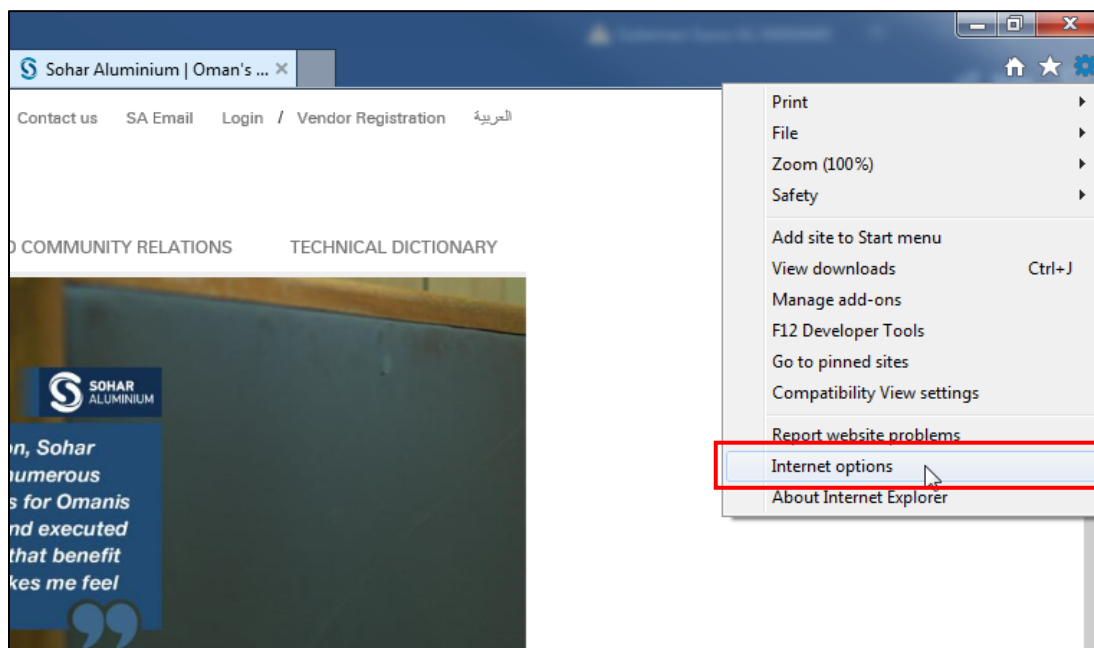

You can allow pop-ups by selecting Options for this site, then Always allow. We recommend turning off all pop-up blockers.

INTERNET EXPLORER – POP-UP BLOCKER (SINGLE USE)

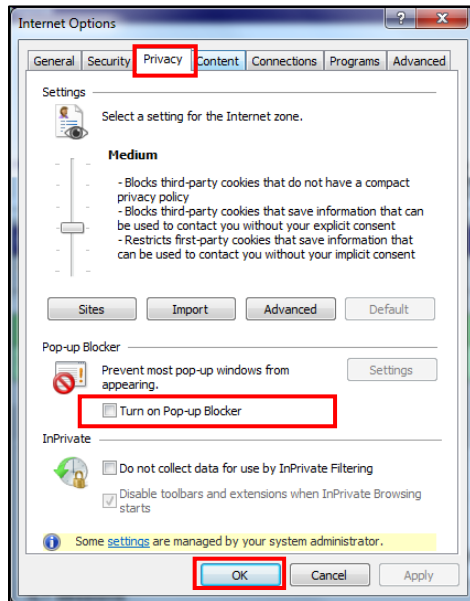

1. Open Internet Explorer and click **Tools > Pop-up Blocker** (if you don't see the Tools menu, press the Alt key).

Note: To access content after disabling or configuring your pop-up blocker you may need to refresh the web page.

OR Open Internet Explorer and select **Tools > Internet Options** (if you do not see Tools, press the Alt key to show the menu bar).

2. In the Internet Options window, click the **Privacy** tab.

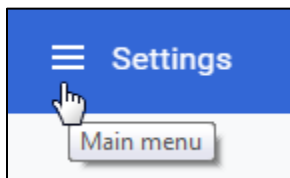

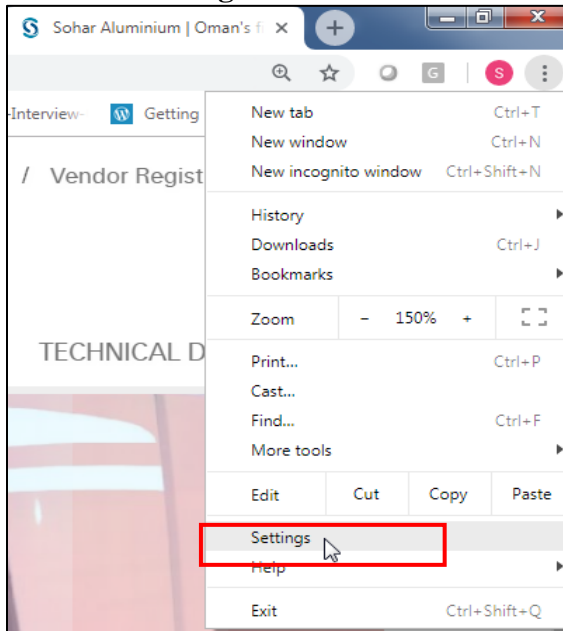

3. Under Pop-up Blocker, uncheck the box beside "Turn on Pop-up Blocker"

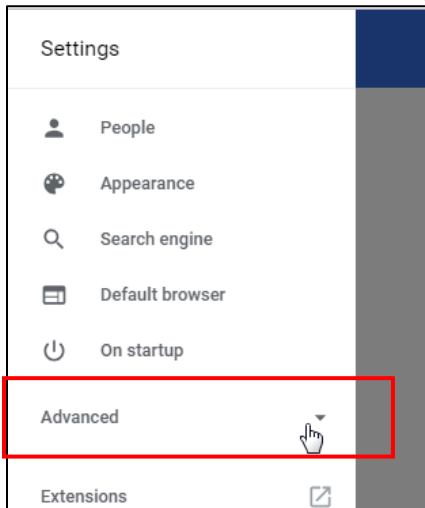

4. Select **OK**

CHROME BROWSER

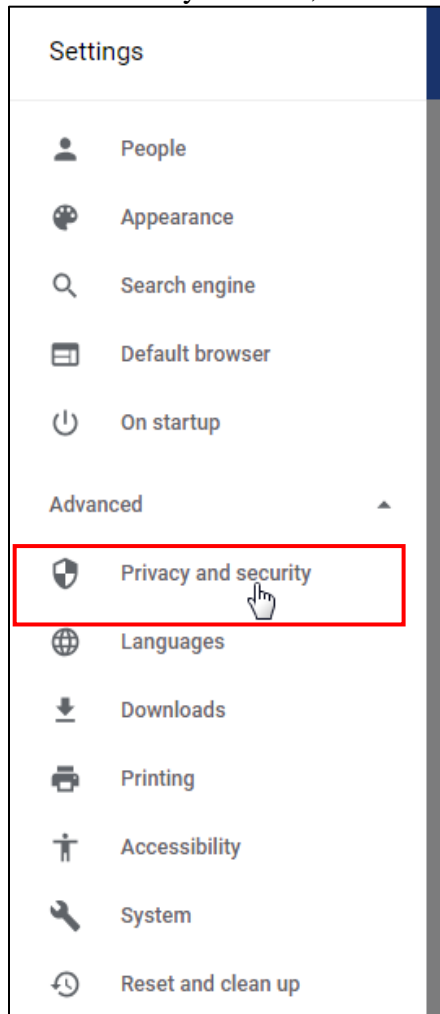

1. From the Google Chrome menu, click the Chrome menu  /  on the browser toolbar.
2. Select **Settings**.

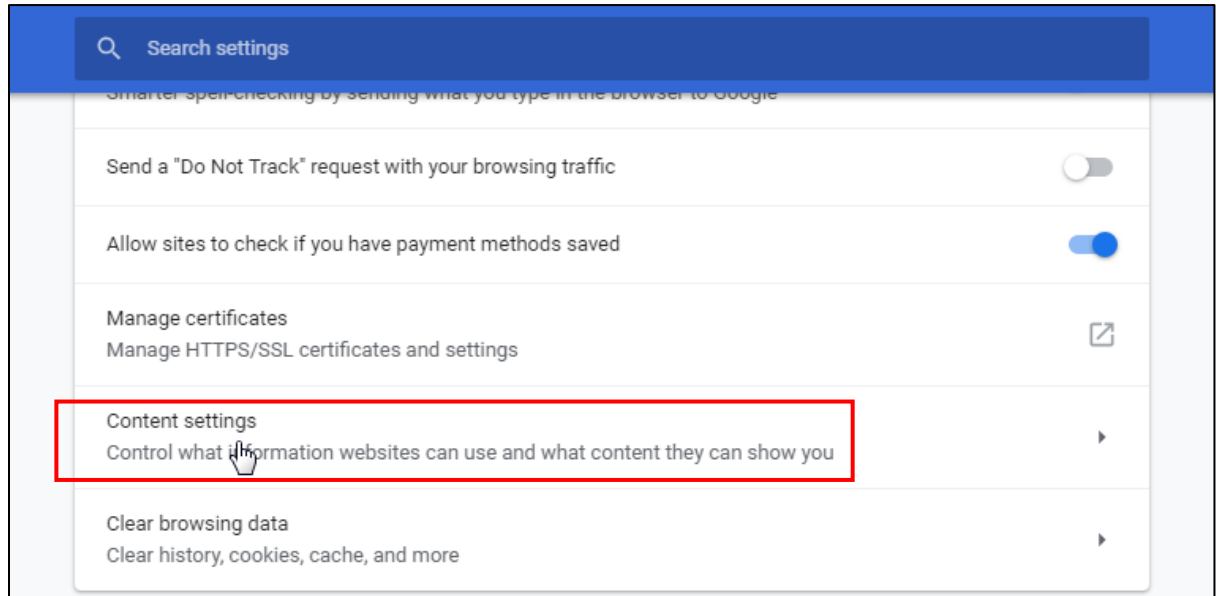

3. Click **Show advanced settings**.

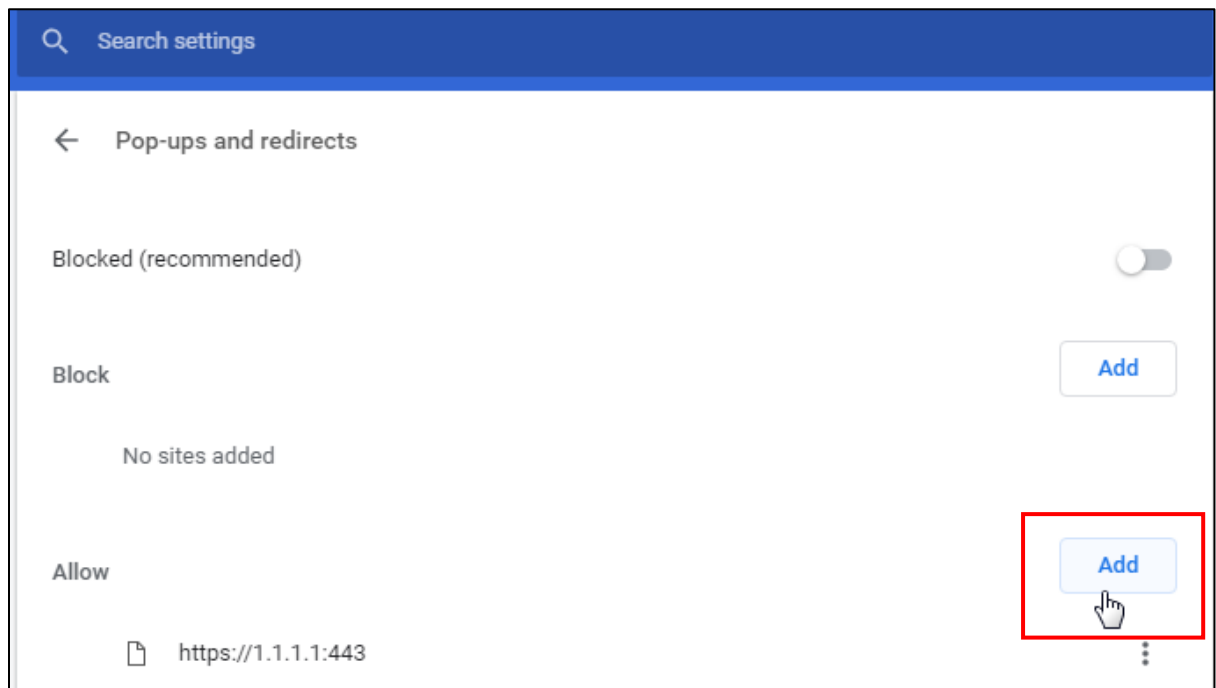

4. In the "Privacy" section, click the **Content settings** button.

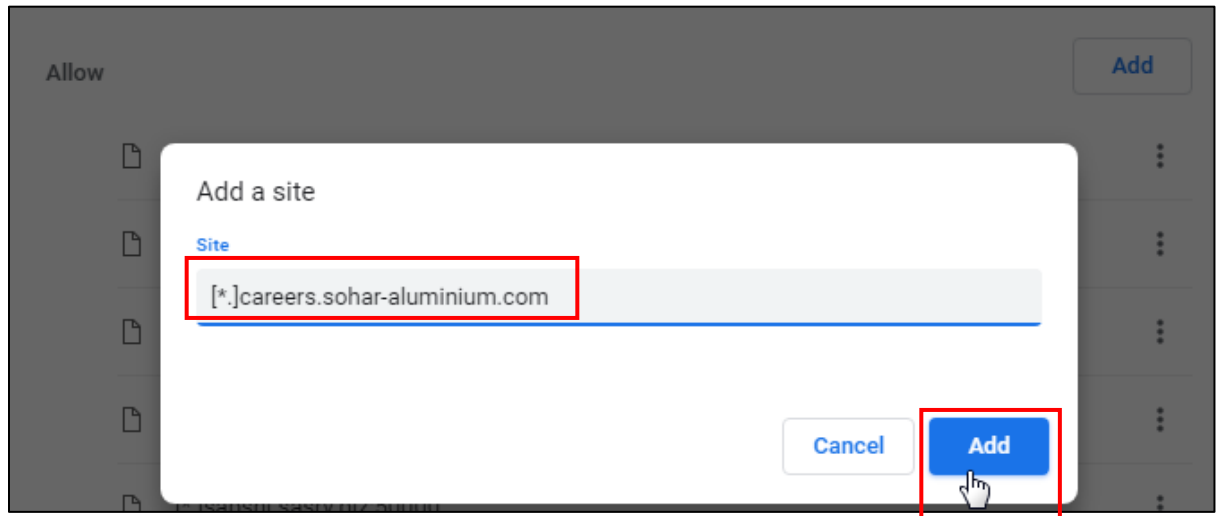

5. Go to "Pop-ups and redirects" section, then click into "Add" in allow section.

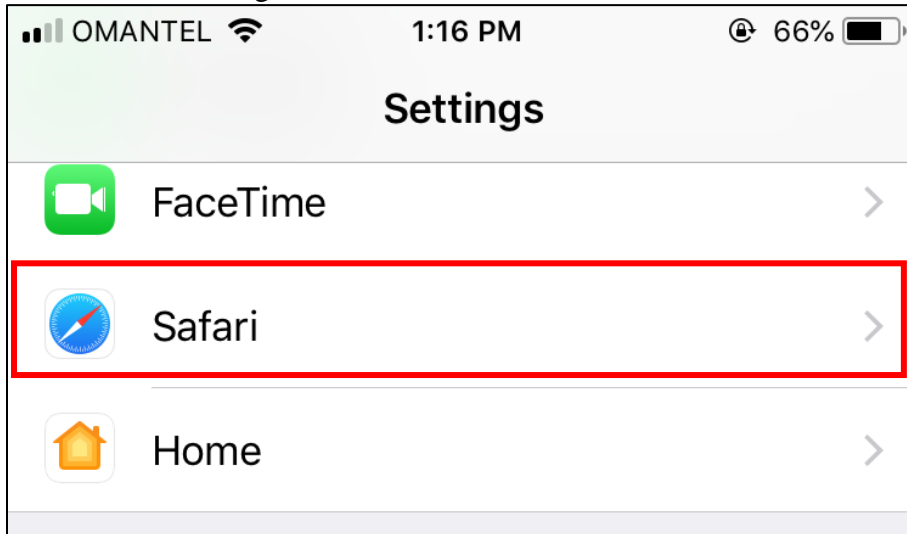

6. Type “[*].careers.sohar-aluminium.com” and click “Add”.

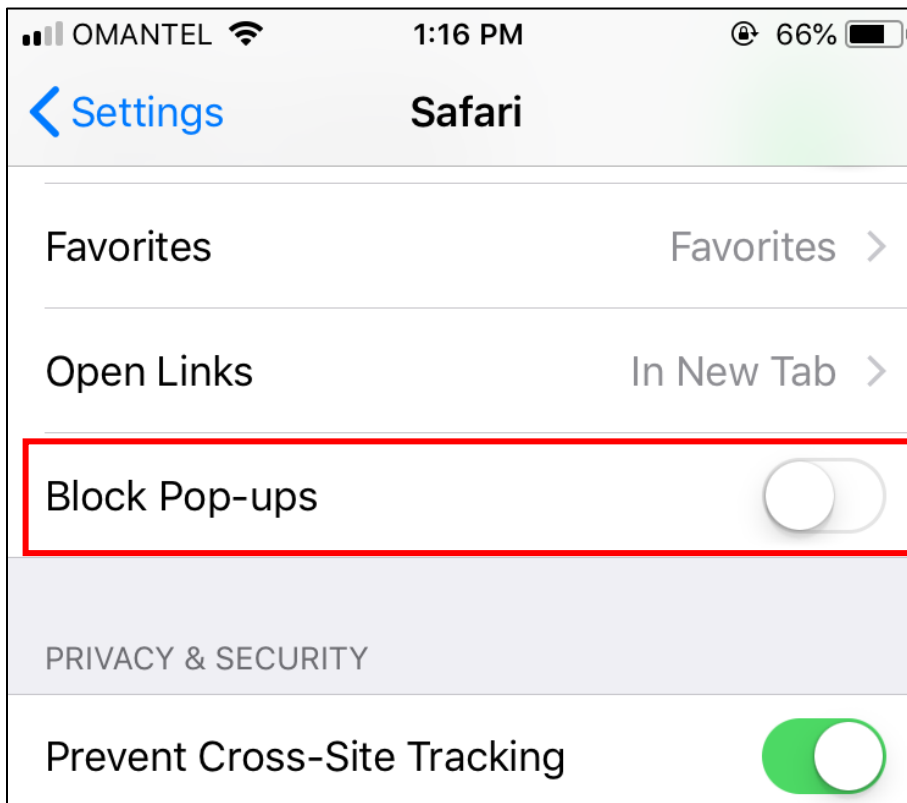

SAFARI BROWSER – IPHONE

1. Go to Setting > Safari:

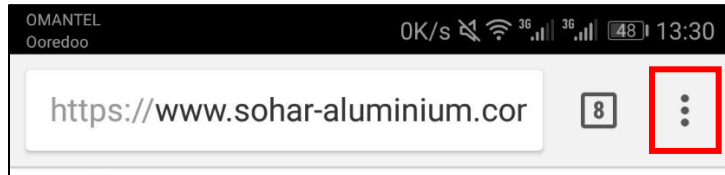

2. Unselect "Block Pop-ups":

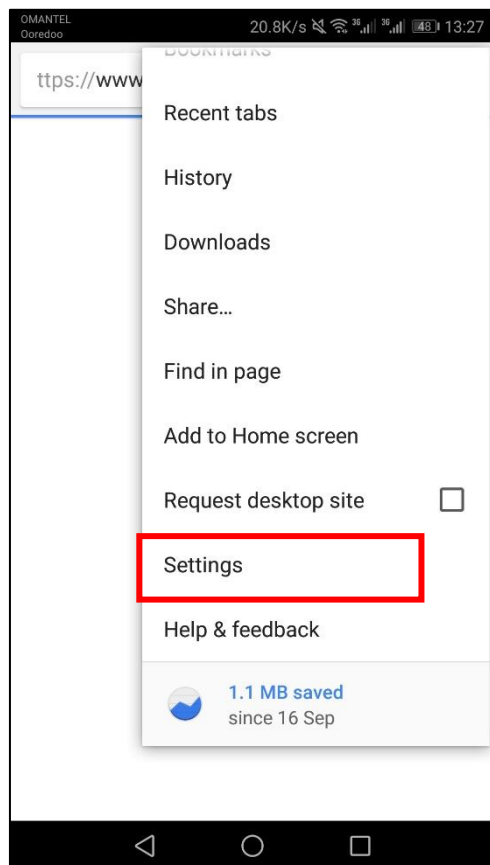

CHROME BROWSER – ANDROID

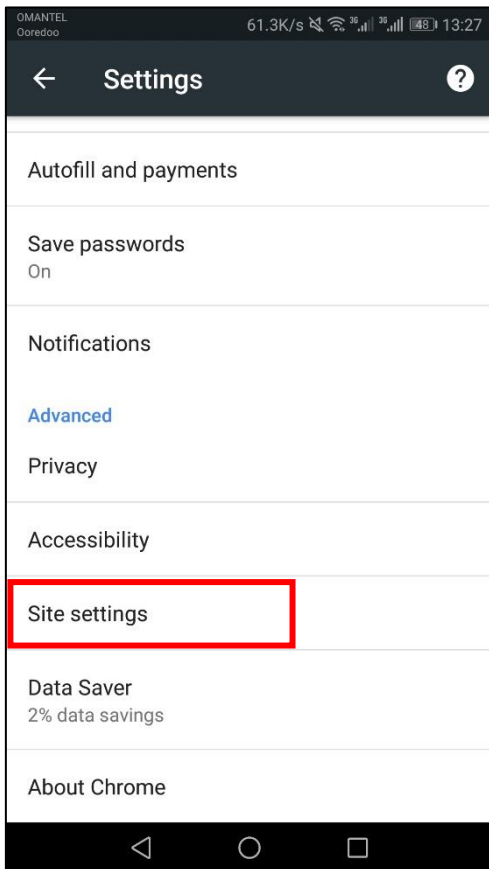

1. Go to Chrome> Menu:

2. Go to “Setting”

3. Go to “Site Settings”

4. Change Pop-ups to “Allowed”:
